AND WATCH YOUR BOTTOM LINE GROW.

Discover the consistency you've been looking for.

From unprecedented germination rates to shorter bench times, the Samurai™ gerbera has the stamina you need from a gerbera. Its aggressive yielding power translates to maximum numbers of plants per square foot.

High numbers of uniform blooms per flush in a wide variety of colours make the Samurai™ the highest quality product available on the market.

Samurai™ gerberas are available in three sizes: standard, mini, and micro-mini. Many flowers have unique dark eyes, making them a consumer favorite.

Growers worldwide depend on the Samurai's™ supreme durability throughout its market cycle—find out why they come back for more.

Available in the United States through Ball Seed Co., the Samurai™ Gerbera is also available worldwide. You'll watch your bottom line grow when you encounter this growing legend—Samurai™.
